FIFTY-FIRST YEAR. NUMBER 150

Secretary Perkins and Senator Wagner Win Victory Over Johnson

WASHINGTON—Chalk up a significant behind-the-scenes victory for Madame Perkins and Senator Bob Wagner.

When the President issued the executive order creating a new National Labor Board, he hung a haymaker on the jaw of General Hugh Johnson.

The Blue Eagle herd-rider was against the continuance of such an agency.

He wanted labor disputes to be handled by the industrial relations boards of the various coded industries, with the new Wagner Labor Act as an emergency weapon for use in situations where his boards proved ineffectual.

But Miss Perkins and Wagner favored a National Labor Board as the permanent arbitral agency. And the President not only sided with them, but in doing so added more bay leaves to their laurels.

In setting up the new Board he gave it an independent status. But he put it under the nominal jurisdiction of Miss Perkins' Labor Department. By this little technicality he made her THE labor administrator of his regime.

Wagner's special kudos came in the selection of the personnel of the Board. The President accepted his recommendations.

Perfect Gentleman

After all, what's nine million dollars among friends?

Enory R. Buckner, head of the New York Clearing House Association, enroute to New York, was sitting at a dining car table with Postmaster General Jim Farley and Marvin McIntyre.

While they were chatting, up stroled James F. T. O'Connor, rugged little Comptroller of the Currency. Buckner, seeing him, got up cordially and offered his seat.

With ready Irish humor, O'Connor turned to Farley:

"This, Jim, is an exhibition of the perfect gentleman. He offers his seat to a man who is suing him for \$9,000,000."

Note—Comptroller O'Connor recently filed suit against Buckner's New York Clearing House for that sum in connection with the Harriman Bank case.

New Deal Poll

Here is a continuation of the Merry-Go-Round cross section poll on the effect and popularity of the New Deal. It is conducted through the cooperation of ten newspapers in ten average cities of the United States. The following interviews, obtained by The Dallas Dispatch, are with the head of an oil company and a worker in the Texas oil fields:

HAS THE NEW DEAL IMPROVED YOUR ECONOMIC CONDITION?

Oil Worker: Not much.

Oil Executive: Yes.

SHOULD ROOSEVELT SWING MORE TO THE RIGHT OR THE LEFT?

Oil Worker: More to the Right?

Oil Executive: To the Right.

WHAT IS THE WEAKEST SPOT IN THE NEW DEAL?

Oil Worker: Not enough work. Money enough has been appropriated but it has not been turned loose.

Oil Executive: Capital's lack of confidence.

WHAT IS THE MOST URGENTLY NEEDED NEXT STEP THE PRESIDENT SHOULD TAKE?

Oil Worker: To give the working man a chance to earn his own living and relieve him of dependence on charity.

Oil Executive: He should concentrate on establishing confidence.

He should let it be known in what direction the nation is drifting. He should set a definite policy and stay with it.

DO YOU FAVOR CONTINUATION OF THE N. R. A.?

Oil Worker: Yes, so far. Give it more of a chance.

Oil Executive: Yes, with universal enforcement.

DO YOU FAVOR THE A. A. AND ITS PAYMENTS TO FARMERS FOR ACREAGE REDUCTION?

Oil Worker: Yes.

Oil Executive: Cannot answer. An oil man, not an agriculturist.

R. M. GEARHART DIES SUDDENLY AT AGE OF 68

Death Comes After Dinner for Daughter, Who Planned Vacation

SERVICE THURSDAY

Deceased Native, Lifelong Resident Here

Robert Morrow Gearhart, 68, died suddenly of a heart attack at his home, 625 N. Court-st., at 4 p.m. Sunday, just a few hours after he had participated in a farewell dinner for his daughter, Mrs. Harry Stoker, Columbus, who was to have left Tuesday for an extended visit in Minneapolis, Minn.

Mr. Gearhart was found dead in the living room of his home by his wife and daughter, after they had returned from a short ride in the country. His body was lying near the telephone, indicating that he made an attempt to call for help.

Dr. Gene Stevenson of Cincinnati, who was visiting at the home of his brother, Bruce Stevenson, N. Court-st., and Dr. D. V. Court-right, the family physician, were summoned to the Gearhart home but were unable to be of any assistance.

DEATH SUDDEN

Mr. Gearhart did not complain of any illness previous to the attack. He appeared in good spirits at the dinner party for his daughter, Mrs. Stoker and his grandchild, Harriett, of Columbus, who planned to visit another of Mr. Gearhart's daughters, Mrs. George R. Dunn in Minneapolis.

A native of Circleville, he was born June 27, 1866, a son of Jerome and Mary Morrow Gearhart. He married Ruth Warner June 26, 1890, who with the two daughters, survives him. He was employed at what is now the Container Corporation of America for nearly 40 years, leaving there more than a year ago to accept a position with the Columbus Consumers Corp., with his son-in-law, Harry Stoker operating.

Mr. Gearhart was a member of St. Phillip's church and the Knights Templar, this city. Besides his wife and two daughters, he is survived by two brothers, George W. Gearhart of Fort Smith, Ark., and Fred Gearhart, this city, and three sisters, Mrs. C. K. Howard, E. Main-st., Mrs. Emma Strawser of Ashville, and Mrs. Nannie Connelly of Tuscon, Arizona.

FUNERAL THURSDAY

Funeral services will be held at 3 p.m. Thursday at St. Phillip's church with Rev. Leavitt Sherbourn officiating. Members of the Knights Templar will serve as pallbearers. Burial will be made on the family lot in Forest cemetery with Knights Templar in charge. The Albaugh Co. is in charge.

14 APPLY FOR FOREST ARMY

Goff Takes Youths to Columbus; Quota Only 11, Three Going as Alternates.

Frank Goff, juvenile officer, accompanied 14 Pickaway-co youths to Columbus, Monday, where they will undergo physical examinations preparatory to their enrollment in the fourth division of the Civilian Conservation Corps.

The county's allotment is 11, although there was a possibility that it might be raised if other counties failed to send a sufficient number of applicants. Goff took three alternates with the party.

The following youths made applications for enrollment in the CCC during the next six months: Joseph Woodrow Wilson, 512 E. Main-st.; William H. Robison, 146 First-ave.; Charles E. Pence, W. Main-st.; Harold L. Rambo, 637 S. Clinton-st.; Marvin H. Sowers, 239 E. Main-st.; Merle C. Crosby, 355 E. Corwin-st.; Eugene O. Steele, 507 S. Court-st.; Daniel McCain, Ashville R. F. D. 2; John S. Lockard, Williamsport R. F. D. 1; Charles A. Fout, Ashville; Benjamin F. Haddox, Williamsport; Clyde M. Lewis, Turlon; Leonard G. Irvin, Williamsport R. F. D. 2, and Clarence Sollars, Monroe-twp.

HOSPITAL NEWS

Mrs. Cyril Palm and baby daughter were removed to their home from Berger hospital, Sunday.

Miss Grace Moodle, S. Court-st., was to be admitted to Berger hospital Monday afternoon.

G. O. P. TO RALLY

NEWARK, July 9.—The Central Ohio Republican rally, which is expected to draw 30,000 persons, will be held at the new Moundbuilders state park here July 26, according to announcement today.

Farmer Suffers Broken Neck In Fall Off Wagon

Suffering fractures of the second and fifth cervicals in his neck, A. W. King, 51, of Wayne-twp., was reported resting as comfortably as could be expected in White Cross hospital, Monday, after being injured last Friday evening.

He was on top a load of wheat on the Walter Downing

farm, Wayne-twp., when the wagon struck a rut. He was thrown off striking his head.

King was taken to the office of Dr. C. E. Bowers and after some treatment was removed to the Columbus hospital. He had suffered some paralysis before reaching Bowers' office.

The injured man, who lives on the Jonathan Pontius farm, has a wife and two children.

HOLLYWOOD MOVES AGAINST INDECENCY

WORRIED? MARRY, SAYS PROFESSOR

NEW YORK, July 9.—If you're worried and aren't feeling healthy, get married.

That was the advice of Dr. Randolph C. Saylor of Techers' college Columbia university, in a survey of the happiness self-estimates of 500 men.

Dr. Saylor found that bachelors are more inclined to brood.

"You can't really be happy unless you have money," he added, "for happiness varies in inverse proportion to your bankroll."

CAPT. THOMAS TAKEN SUNDAY

Former Superintendent of National Cemeteries Dead; Lived in Ashville.

Captain John H. Thomas, aged 88, a veteran of the Civil War and a retired superintendent of national cemeteries in different sections of the south, died Sunday at the home of his son, Jesse, in Columbus.

He is survived by one daughter, Mrs. Edith Thomas, and one son, Jesse.

Funeral services will be held at the funeral parlors of Denton & Donaldson, Town-st., Tuesday at 8 p.m. The body will be shipped to Murfreesboro, Tenn., Wednesday for interment in Stone River cemetery near by.

RETIRED IN 1928

Captain Thomas was well and favorably known in northern Pickaway-co. More than 50 years ago he resided at St. Paul, Madison-twp., where he followed his trade as brick mason and plasterer.

Later he removed to Ashville where he continued to work at his trades until 1904, when he received the appointment of superintendent of National cemetery, serving six months probation at Chattanooga, Tenn., before going to Lebanon, Ky. He also had charge of cemeteries at San Antonio, Texas, Mexico City, Mo., and ended his active service at Stone River cemetery, where he was retired in 1928. He received the title of captain by reason of this service.

After retirement and until his health began to fail he spent some time in Ashville and also was an inmate of the Soldiers' homes at Dayton and Sandusky.

Since the marriage of his son several years ago he has made his home with him in Columbus.

ACTIVE IN FRATERNITIES

Fraternally he was a member of the Masonic lodge at Lithopolis having passed his half-century membership a short time ago. He also has been connected with the local council here, it is reported, and has been a member of Palmetto lodge No. 513 Knights of Pythias, Ashville, since its institution Oct. 21, 1891. He was also affiliated with the Pythian Sisters. The name "Palmetto" was adopted at the suggestion of Captain Thomas.

DRESSLER WEAKER

SANTA BARBARA, Cal., July 9.—Although slightly weaker, Marie Dressler entered another week of life today still conscious and still more concerned with the welfare of those about her than with her own.

Physicians, however, fear that the grand old trouper is waging a hopeless battle against a complication of ailments that may bring death at any moment. Miss Dressler's courage has apparently postponed the end for days.

15 SHEEP KILLED

Fifteen sheep belonging to C. F. Dilts, near Turlon, were killed by dogs last Friday evening and a number of others wounded. One dog was killed before leaving the field while another is sought.

Dilts lives in Fairfield-co.

INSULT TRIAL SENT. 18

CHICAGO, July 9.—Samuel Insull, fallen utilities magnate, and sixteen co-defendants will go to trial Sept. 18 on federal charges of using the mails in a scheme to defraud. Federal Judge James H. Wilkerson today set the date of the trial after overruling a motion for a bill of particulars.

INFANT SUCCUMBS

Marvin Averill Stevenson, infant son of Mr. and Mrs. Bruce Stevenson, N. Court-st., died several hours after birth at Berger hospital Sunday.

Funeral services will be held at Forest cemetery at 10:30 a.m. Tuesday, The Albaugh Co. in charge.

THREE PLANES IN "TUNE" FOR ATLANTIC HOP

Russia, Norway, Abyssinia Goals Trio From Bennet Air Field

GO IN TWO WEEKS

Kepner, Stevens Ready to Test Stratosphere

NEW YORK, July 9.—Three more trans-Atlantic flights are about ready to get away from Floyd Bennett field, the municipal airport of New York.

Within the next two weeks William Alexander and William Brooks will take their giant Sikorsky amphibian off for a flight to Russia.

Hor Solberg, in his Loening air yacht, is completing his preparations for a take-off within two weeks for Bergen, Norway.

ABYSSINIA BOUND

Colonel Hubert Julian, the "Black Eagle," announced that he was about ready to take off on his flight to Abyssinia.

RAPID CITY, S. D., July 9.—Everything was in readiness today, except the weather man, for the stratosphere flight that will take Major W. E. Kepner and Capt. A. W. Stevens 15 miles into the skies in a metal gondola attached to the largest free balloon ever manufactured. Indications were that the take-off would be delayed until Wednesday.

PLEASED WITH TRIALS

The two officers were elated with their trial experience in the gondola. They spent several hours in the 100-inch diameter sphere on Saturday and another four hours Sunday. On both occasions they underwent the same ordeals that they will encounter in the actual flight. Sunday's test of the gondola was made under air pressure conditions that would be found 800 feet below sea level.

DELAWARE, July 9.—An airplane crash today had brought death to the pilot and his 320-pound passenger.

Victims of the crash, Rodney Howey, 35, barn-storming Sandusky (Ohio) pilot, and Elmer Sharrock, 23, the passenger, were burned almost beyond recognition as the ship burst into flames after it piled up.

Police Court

Mayor W. B. Cady's police court was a beehive of activity Monday as six week-end violators were brought in for hearings.

Chester Fowler, S. Clinton-st., received the heaviest punishment. Arrested in the south-end of town at 8:30 p.m. Sunday, Fowler was charged with being drunk and disorderly and maliciously destroying property and was fined \$100 and costs and committed to the Cincinnati workhouse. He was taken there this morning by Officer William McCrady. He is alleged to have destroyed the ignition on Andrew Spellman's auto.

Alfred Morris, W. Mill-st., who Officer McCrady charged with breaking up chairs and dishes at his home, was fined \$25 and costs and committed to the county jail for being drunk and disorderly.

Other violators arraigned were: Ellis Hampshire, this city, arrested at 11 p.m. Saturday for intoxication. Fined \$15, which he paid and was released.

Frank Smith, this city, arrested at 10:15 p.m. Sunday for intoxication, was fined \$10 and costs and committed to the county jail.

Winice Hill, Darbyville, arrested at 9:30 p.m. Saturday for intoxication, has a fine of \$5 and costs suspended on good behavior.

Charles Seymour, this city, was arrested at 12:05 a.m. Sunday on complaint of his wife for being drunk and disorderly, but was later released when his wife failed to appear to prosecute the charges.

PLANE CRASH FATAL TO TWO

Barnstorming Pilot and Delaware-Co Man Killed Before Crowd of 150.

DELAWARE, July 9.—An airplane crash today had brought death to the pilot and his 320-pound passenger.

'JUMPER' IS KILLED

DETROIT, July 9.—While 400 persons looked on, George Thompson, 24, made his 88th and last parachute jump yesterday at the motor city airport and Seven Mile road. He was killed when his chute failed to open. Just before he jumped Thompson "passed the hat" and collected \$9.04.

show staged by Howard and his partner, R. J. Hills, of Caledonia, owner of another plane, witnessed the tragedy.

ON STUNTING FLIGHT

Howey had obtained a limited over the local airport and taking passengers for short flights. Howey was pursued to take Sharrock on a stunting trip because the latter was a friend of Hills.

All went well on the flight but as the ship neared the ground for the landing, the motor apparently stalled for a few seconds. The ship swooped crazily to the ground aloft again and then crashed.

Both men wore parachutes but they were unable to use them because they were so close to the ground.

Sharrock was widely known throughout Delaware-co. He starred in the Caledonia basketball team in his high school days.

Howey had obtained a limited pilot's license two years ago after taking lessons at Sandusky. He moved to the latter city from Bellevue five years ago. Unmarried, he lived with his parents in Sandusky.

He frequently made barnstorming tours in the state and the accident yesterday was his first serious one, and tragically, his last.

\$10,000 SUIT CRASH RESULT

Damage Action Filed by Chillicothe Woman Against Cleveland Driver.

An auto wreck on the Scioto Trail, four miles south of Circleville, is the basis of a \$10,000 damage suit filed in common pleas court Monday by Violet F. Wissler, Chillicothe, against James R. May, 2121 Arlington-rd., Cleveland.

Forrest Claypool of Chillicothe is attorney for the plaintiff.

The plaintiff's petition charges that she was driving south on Route 23 on the evening of March 30, 1923, and was just approaching the bridge over Scioco creek when the defendant's car, being driven north, crashed into her auto pinning it against the bridge and painfully injuring her.

Mrs. Wissler says the defendant had no control over his auto, was driving at a fast rate of speed and in a careless manner.

She claims she suffered a cut six inches in length from the lower forehead to the top of the head, which will be a permanent disfigurement.

She asks \$10,000 damage for this injury.

RELATIONS BETWEEN THE VATICAN AND GERMANY ARE BECOMING MORE STRAINED EVERY DAY.

ROME, July 9.—The Vatican, it was learned today, is preparing for a fight to the finish against persecution of Catholics in Germany unless the government of the Reich gives the fullest guarantees of religious freedom.

The fight will not be started, however, while the German situation is at fever heat but all data is being assembled for a smashing attack when the opportune time arrives.

Relations between the Vatican and Germany are becoming more strained every day.

HICKMAN ON TRIAL IN GIRL'S MURDER

SAN FRANCISCO, July 9.—The "inside story" of a stirring drama of gay night life in San Francisco, punctuated with the brutal murder of a pretty auburn-haired girl, was to start unfolding in superior court here today.

Defendant at the bar is Millard Hickman, dapper 45-year-old San Francisco shipping official. He is accused of ravishing and slaying little Louise Jeppesen, 23, member of a socially prominent and wealthy Ogden, Utah, family.

The girl was found dead in a tunnel at Golden Gate park, famed beauty spot of San Francisco, early in the morning of May 13. A few hours before, Hickman had been her escort at a night club party. After the party, she had visited Hickman's apartment.

The prosecution will demand that Hickman be sent to the gallows.

MAN BEATEN IN ONION 'UPRISING'

KENTON, July 9.—One man was beaten and 13 persons were arrested today in the first serious clash between pickets of striking onion weeders in the Scioto Marshlands and the special force of more than 50 deputy sheriffs who were mobilized to prevent trouble in the walkout.

The disorder occurred when 100 pickets attempted to stop five carloads of men being taken to the onion ranch of Earl Huston, near Alger. Deputies reported to Sheriff Wilbur Mitchell that they were forced to beat one striker because he resisted arrest. Twelve others and the injured man were taken into custody.

Thirteen knives, several slingshots and rocks were taken from the pockets of the pickets, Sheriff Mitchell claimed.

STATE TO WIDEN WATERLOO ROAD

Work is expected to start soon on the improvement of the Waterloo Mt. Sterling road, in the western part of Pickaway-co, recently taken over by the state highway department.

One of the first steps to be taken will be the widening of the road.

IMPORTANT GAMES ON WEEK SCHEDULE

McClarren Meats and Mecca restaurant open recreation league festivities tonight with a heavy schedule filling the week's program.

The Meccas will be favorites but not too heavily for these McClarrenites, in a slump for a while, are due to snap out of it pretty shortly and make life miserable for someone. It is expected Buskirk and Hegele or Vlerbome will do the hurling chores.

Tuesday evening brings the vastly improved Purina Chows against the Circle City dairymen. Since the Chows have added a couple of outfielders they have become tough and will test the dairymen.

FEEDS VS. OILS

The Wednesday game should be a humdinger with the Eshelman Feeds trying to keep their record clean against the also-improved Circleville Oils. The game should be an interesting one with Eddie Callihan tossing for the Feeds and Carl Purcell for the Oils.

Thursday brings another important contest, the Container Corporation trying to return to the victory column against the speedy Given Oil outfit. Roy Norris will use either Ray Brungs or Eddie Watson on the hill with Bob Jones sure to draw Lester Harris' nod. The contest is either do or die for the straw-board after losing last week to the Eshelman's; the same thing is true of the Givens.

POSTPONED CONTEST

Friday evening the game postponed from July 3 between the Mecca restaurant and Circleville Oils is booked. This, too, should be an interesting game so the week's schedule does appear filled.

There was no regular game Sunday afternoon with players from the straw-board, Mecca, McClarren Meats and Circleville Oils "choosing up" for some fun. Cum Robinson's team aided by a muddy outfield was believed ahead at the end of the fray which was featured by Bud Miller's snappy umpiring.

Will Rogers Picks A Story For This Spot

MEN do make up a lot of excuses to get away from home at night. I reckon they wouldn't lie years old."

about it so much if their wives would just not object to them for staying out a night once in a while for an evening with some of the other guys. Well, they're telling out in Hollywood about a doctor that never could get away from home in the evenings without a lot of excuses. But he was particular about not lying to his wife, because he was afraid of getting caught. So one evening she let him go right quick when he said, "I've got to get out on a mighty important case this evening, and I'll be out late. Emergency, you know."

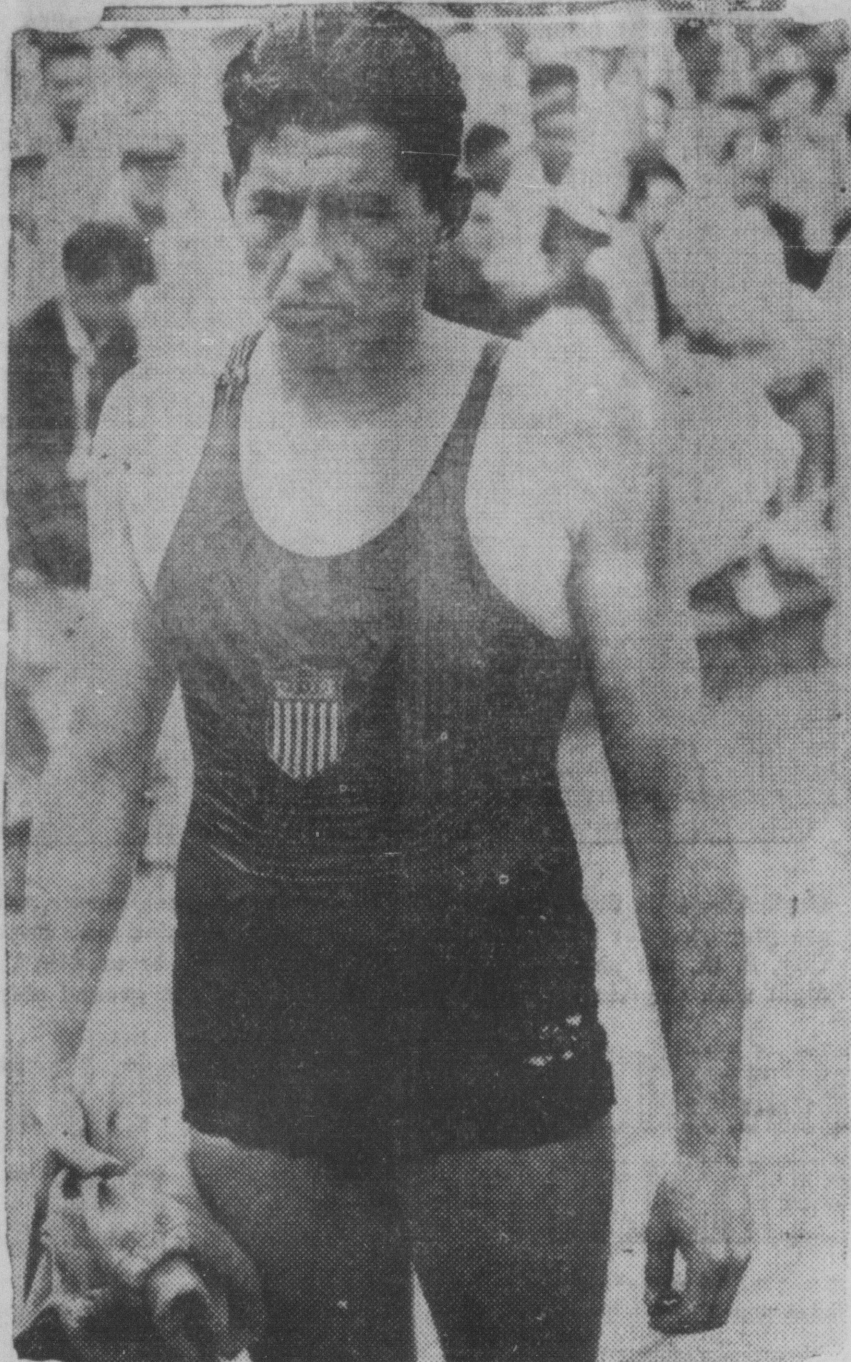

"What kind of a case?"

"I don't know, only it's serious, and there's seven well-known doctors on the job already. There on the spot now. You don't want me to be late, do you?"

She let him go. And he went. To a poker party, where some of his medical chums were gathered for the night.

STARR TAKES TWO FROM COLUMBUS 9

MINNEAPOLIS, Minn., July 9.—The Columbus Red Birds held third place today in the American association pennant fight, three games in back of Indianapolis and two in back of the Millers.

The Birds dropped two games here yesterday to the Millers, the first to the tune of 18-7 and the second 4 to 2. Ray Starr, lanky right-hander, pulled the strong man act and pitched both games for the local club.

Joe Hauser rapped out three homers for Minneapolis and Gene Moore two for Columbus.

Indianapolis kept out in front in the association flag chase yesterday by taking two games from Kansas City, 7 to 6 and 4 to 1. St. Paul won two from Toledo, 8-6 and 2-1, and Milwaukee defeated Louisville 11-3 and 10-3.

About This And That

BY THE SECOND GUESSER

IF THERE ARE TO BE ANY trades or releases of ball players from one team to another they must be completed this week—A league rule says that no player can be released by one team to another or traded between teams after the third week of the schedule—This is the week—The rule was put into effect to prevent any team that has a chance to go somewhere in the half to load up by obtaining a star from some weaker team.

Glen Presnell, all-American grid star from Nebraska, will not be in a professional football uniform this fall—He will coach the backfield of the University of West Virginia—Detroit, the city which bought the Portsmouth franchise, will not lose by Presnell's decision because Earl 'Dutch' Clark, sterling Colorado quarterback, has decided to return to pro ranks after coaching for one year at his alma mater—his contract naturally goes to Detroit since he belonged to the Portsmouth syndicate—Clark was considered the best quarterback in the business when he quit playing.

The strike out feats last week of Eddie Callihan, Eshelman's 'hotch' hurler, placed him in the spotlight as just about the best pitcher in the recreation ball league—He fanned 11 straw-boarders and 13 Given Oils—It's reported Eddie Watson will be the straw-board pitcher from now on; but not confirmed.

HARRIS, JONES PROTEST FEED 3-2 VICTORY

Claim Callihan Batted Out of Turn; Runner Advanced Illegally They Say.

Lester Harris and Walter Jones, of the Given Oils, are planning to protest the Eshelman Feed victory over their team last Friday evening. The game was won 3-2 in ten innings by the Feeds after a hectic battle.

Harris and Jones claim Eddie Callihan batted in the eighth, ninth and tenth innings out of turn to drive in Tomlinson with the winning run.

They also charge that an Eshelman runner was awarded second base on an alleged overthrow when the ball was returned to play before it went into the crowd. They claim this was a violation and that the runner should not have been awarded the base.

Harris and Jones were instructed to see the league president, Frank A. Lynch, concerning a possible protest.

On Saturday Harris was questioning the eligibility of Howard Goldsberry, Eshelman manager, to enter the game. Goldsberry played right field part of the game. Goldsberry is eligible according to his own player roster. He is the "dozen" player.

It is possible President Lynch will call a meeting to determine what should be done with the protest, although it seems that the protest should have been filed immediately instead of three days after the game.

NO EXHIBITION, BATTLE, CLAIM STAR LEADERS

Cronin Calls on Other Managers For Aid; Mel Harder To Be Second Hurler.

NEW YORK, July 9—If you've any idea that the second annual all-star inter-league battle at the Polo grounds here tomorrow is going to be a mere exhibition, in which the boys go through the motions of looking like ball players, but not really playing to win, then, sir, you'd better reach out for another opinion right off. For this game is going to be a real struggle.

As most people know there is an intense rivalry between the National and American league club owners and to the league emerging on top tomorrow victory will be almost as easy to take as a world's series triumph. Both Bill Terry and Joe Cronin, rival pilots for the classic, have been instructed to win at all costs.

STUDY SITUATION

This morning Cronin, whose Senators played the Yankees here yesterday, will go over his plans of battle with other junior loop pilots who are in town and also with some of his players. Tomorrow morning he'll assemble the whole American league squad in the Hotel Commodore for a "pep talk" before the departure for the Polo grounds.

The National league players also will have "skull practice" but it is likely the meeting will not be held until just before the game in the Giants' clubhouse. Only eight of the National league players were in the city last night.

OVER WORKED NERVES

UP TO your ears in work—every nerve at high tension. No wonder you snap at the wife and bark at the children.

Watch out! Overworked nerves may lead to Sleeplessness, Nervous Headache, Nervous Indigestion and a host of other unpleasant disturbances. Why don't you try Dr. Miles' Effervescent Nerve Tablets?

Just one in a half glass of water makes a pleasant, sparkling drink delightfully soothing to over-taxed nerves.

Dr. Miles' Nerve is now made in two forms—Liquid and Effervescent Tablet. Both have the same soothing effect. \$1.00 at your drug store

DR. MILES' Effervescent NERVE TABLETS

Uses Mussel for Nest

The bitterling, a tiny fish of Central Europe, uses the shell of a fresh water mussel as a nursery for its young. The female of the species is provided with a very long ovipositor with which she injects her eggs into the shell of a mussel while its valves are open. The mussel is thus made to act as foster mother for the bitterling.

Meaning of "Serendipity"

"Serendipity" means a faculty for finding valuable things unexpectedly. The word was coined by Horace Walpole from the title of the fairy story, "The Three Princes of Serendip," because the princes were always making discoveries, by accident and sagacity, of things they were not in quest of.

FIGHT TO WIPE OUT PARALYSIS GOES ON

NEW YORK, July 9.—The dramatic fight to wipe out infantile paralysis entered a new stage today when one of six scientists who voluntarily submitted to inoculation to prove the safety of a recently-discovered preventative serum announced that a cure for the disease itself is in experimental stages.

The nature of the cure, designed to end the most feared of childhood scourges, was guarded with secrecy pending result of tests now under way. It is known however, to be the discovery of Dr. Maurice Brodie, assistant professor of bacteriology at New York university.

Dr. Brodie and two girl assistants were to receive their second inoculations of the preventative serum today. They laughed at the suggestion that they were endangering their lives and pointed to the success of the first inoculation to prove the safety of the fluid.

VACCINATE OTHERS

If Dr. Brodie, Anna Goldberg and Judith Figarsky show no ill effects from the second injection Dr. William H. Park, director of the bureau of laboratories, will vaccinate 12 boys and girls from orphan or charitable institutions, if the courts permit.

It was decided to make the selection from homes because the scientists will be able to keep the children under constant observation, not only for the first few days but for weeks after they are inoculated. Dr. Park expressed high hopes for the serum and was the first to volunteer for an injection.

After the 12 orphans have been tested, Dr. Park plans to inoculate a colony of 100 and if there are no ill effects then, the serum will be released to doctors throughout the country and the world.

"There will be no danger," Dr. Park said, "because we have eliminated the possibility of danger through the present experiments. That is why we took the serum ourselves. Because we wanted to show that it could be safely administered to a child."

FORWARD STEP

Dr. Brodie's experiments in effecting a cure for children already afflicted promised the most forward step in medicine in many years. At present there is no cure and Dr. Brodie stated that physicians can only make patients as comfortable as possible during their illness. This minor comfort is attained through lobar punctures and withdrawal of spinal fluid.

ABDUCTED SHERIFF WINKS, IS RESCUED; TWO MEN FACE JAIL

LYONS, Kan., July 9.—Ambushed and kidnapped by two robbery suspects who threatened him with death, sheriff P. A. Dickerson winked himself out of his predicament and today was still enjoying life as a minion of the law in Rice-co.

When the abductors stopped their car at a filling station, Dickerson winked at the attendant, Herman Swink, who recognized the sheriff and spread an alarm as soon as the car departed.

The kidnappers were overtaken on a lonely Oklahoma road south of Waldron, Kan., and surrendered. They identified themselves as Fred Blaise, 35, Oswego, N. Y., and Tom Stevens, 20, Duluth, Minn. They were being held at Hutchinson in connection with a \$15 robbery at Frederick, Kan.

HITLER'S CHIEF

(Continued From Page One)

any other people on earth ever fought for their freedom. The French people know what it means to fight for their own land. Every wood, every hill, every bush would have to be conquered with blood. Old and young would dig themselves in with their nails in the ground.

"They would defend themselves with fanaticism beyond comparison. And even if superiority of modern weapons would triumph, nevertheless the way into the Reich would be a horrible one for the victor too."

What is the reason for this sudden cry of "Wolf?" Partially the reason is revealed in an editorial in the Deutsche Allgemeine Zeitung declaring France had conspired through Von Schleicher to bring about circumstances which would lead to chaos in Germany and implying that France would have taken such opportunity to invade the Reich.

The Allgemeine Zeitung emphasizes that "French campaign of calumny" had immediately preceded the discovery of the Roehm-Von Schleicher plot in Germany. The chief item in "The French Campaign" according to the Allgemeine Zeitung was the French and English publication of the details of an alleged German plan for bacteriological warfare on Paris by infecting with deadly bacilli the Paris subways.

CATHOLICS IN ACTION

The next reason for Hess's cry of alarm is illuminated by the action of the German Catholics yesterday. By order of Bishop Bares every Catholic congregation in the Berlin diocese offered up prayers for the Catholic leader slain in last week's terror. From each chancel the priests read these sentences, "Eight days ago the leader of the Catholic action, Erich Klausener, was suddenly torn from life. He died a devout Catholic." Then followed the solemn prayer. The wording was significant because Nazi authorities declared Klausener committed suicide but the church emphasized he died a devout Catholic.

Meanwhile 50,000 Catholics cheered Cardinal Von Faulhaber in the large square in front of the Cathedral of Bamberg on the occasion of his jubilee marking the 50 years in the priesthood of Jacobus Von Hauck, Bishop of Bamberg, made a remarkable speech referring to the events of last week and exhorting the priests to "remain on top of the events of our time, but do not allow yourselves to be victimized by it," and stressing, "there is only one savior for us—Jesus Christ."

Figures in "Revolt"

These photos show two of the prominent figures involved in the turmoil in Germany resulting from the smashing attack of Chancellor Adolf Hitler against foes within the Nazi party—top, Benjamin Jackson McKinney, Jr., founder of the Marietta Times; below, Gregory Strasser, former leading Nazi organizer, one of the many executed by Hitler.

Want to be Aviator? Join Selfridge Field

Postmaster A. Hulce Hayes announced Monday that he has received word from Capt. George S. Warren of the U. S. Army Air Corps that vacancies for desirable and qualified men now exist at the air corps station at Selfridge Field, Mt. Clemens, Mich. Applicants should be 19 years of age or over, of excellent character and reputation, citizens of the United States, able-bodied and free from disease and have a high school education. Persons desiring further information should write the commanding officer, Selfridge Field, Mt. Clemens, Mich.

BENJ. J. MCKINNEY, JOURNALIST, DEAD

Founder of Marietta Times Succumbs After Brilliant Career; Was 84.

MARIETTA, July 9.—Death today had written "30" to the brilliant career of a great newspaperman.

Benjamin Jackson McKinney, 84, passed on during the night after nine years of invalidism.

One of the close personal friends of the late President Warren G. Harding, Mr. McKinney also was a former mayor of Marietta and founder and longtime publisher of the Marietta Times.

He suffered a paralytic stroke on Memorial Day in 1925 and a second stroke in September of that year. His illness had held him to his home since that time.

WORKED ON PACKETS Mr. McKinney was born in Sisterville, Va., a territory which is now part of West Virginia. As a youth, he worked on packets on the Ohio river and later became cashier of a bank at Parkersburg, W. Va.

He moved to Ohio, where his frank, open personality, his rugged character and his hard work brought him almost instant success. In 1884-85, he was chief deputy auditor of Ohio and served as state oil inspector in the Harmon administration.

Mr. McKinney also was one-time auditor of Washington-co. He founded the Marietta Times in 1890 and it became the most widely read and powerful newspaper in this section of the state. Eighteen years later, he sold it to his two sons.

who have been in the county jail serving out fines growing out of liquor charges, were released Monday.

JAILED HERE

William Cordray of Ashville, was admitted to the county jail to serve out a fine imposed upon him by justice of peace court in Harrison-town on a charge of intoxication. He was brought to jail by Constable Cecil Scott of Ashville.

ADMITS 3 KILLINGS

McALESTER, Okla., July 9.—Bun Riley, admitted petty thief and small-time high jacker, was being held in the state prison here for safe keeping today following his confession that he alone perpetrated the brutal slaying of three Canadian, Okla., companions-in-crime two weeks ago.

Chinch bugs have been reported in a number of localities in Ohio. County agents are prepared to supply directions for their control.

KINGSTON

The Ladies Aid Society of the M. E. church will meet on Wednesday afternoon, July 11, in the community room. The committee in charge is as follows: Mesdames Ida Jones, Florence Jones, Jessie Shannon, Elizabeth Kerns, Laura Raub and Miss Louise Kerns. A good program is being arranged and a good attendance is urged.

Mr. and Mrs. Neal Lauerman celebrated their second anniversary on July 2, at their home on North Main-st.

Mrs. Charles Fullen and two small sons of Circleville were the guests of Mr. and Mrs. Paul McGinnis and family on Thursday.

Mr. and Mrs. C. G. Grove and family recently moved from Louisville, Ky.

Miss Ada Merriman, who has spent a month with her sister, Mrs. Sara Gotten in Columbus spent from Sunday until Thursday at her home in Kingston, returning to Columbus. Miss Merriman is slowly recovering from her serious illness.

Mrs. E. B. Sims of Columbus and Mrs. Emma Sharpe spent last week at the "Sims-Sharpe" camp at the Kellenberger bridge.

Miss Althea Jane Hettinger of Lancaster and Henry Jones of Sandusky spent the Fourth of July with her parents, Mr. and Mrs. Samuel Hettinger and Almond Hichens.

Miss Ruth Beavers is the guest of friends in Wilmington, this week.

The Woman's Foreign Missionary society of the M. E. church met on Thursday afternoon, July 5, in a most delightful meeting at the pleasant home of Mrs. Emma May.

Miss Umsted appointed Mrs. Mrs. Emma May, Mrs. Carrie Holdmaster and Mrs. W. R. Sundeland on a nominating committee to select names for officers for the coming year. The next meeting will be held on August 2 at the country home of Mrs. A. Dane Ellis, with Mrs. Albert Ellis and Miss Margaret Thomas assistant hostess. Mrs. G. L. Borders, the treasurer gave a short talk. Mrs. Borders was the program leader and introducing a fine program was presented—Mrs. Borders being the extension members secretary discussed the subject, Mrs. May announced the ice cream social to be given on Saturday evening in the social rooms of the Presbyterian church. A missionary and patriotic hymn song was enjoyed singing "America," "God Bless Our Native Land," "Praise the Savior All Ye Nations," "O Zion Haste," Miss Umsted was at the piano. Mrs. N. J. Ford the Stewardship secretary talked on "Possessions," Mrs. May read the following Poems "I hold, the Secret" and "My Shepherd," "Indian Social Secret" was read by Mrs. Ford, "Happenings Here and There," were read by Mrs. A. U. Brundage. The Mystery Box questions were in charge of Mrs. Dennis H. Dreibach. Miss Umsted read a number of beautiful poems. The meeting closed by all repeating the usual benediction.

The King's Herald Band of the M. E. church and a number of guests enjoyed a delightful picnic and meeting on Wednesday afternoon at Logan Elm park. Mrs. G. L. Borders was leader and conducted the devotional service. Miss Carrie Umsted offered prayer. The roll was called and the minutes were read by the secretary, Vivian Hamilton. Stories of the Flower Friends in Far-away Korea were read by Mrs. Borders, Marjorie Carr, Vivian Hamilton, Dorothy Shewalter and Phyllis Betz. Two clarinet solos were played by Tom Ellis. Miss Carrie Umsted read the story, "Chinese Joshua's Party." Miss Mary Ford read the poem, "In Mexico." Members then answered questions asked by the leader. The meeting closed with the usual benediction. Among those enjoying this pleasant affair were: Mr. and Mrs. George L. Borders and son, Lynn, Miss Carrie Umsted, Mrs. Egbert Freshour and children, Tom, Martha and Nancy, Mrs. A. Dane Ellis and son, Tom, Mrs. Carl V. Hohenstein and son, Carl Jr., Miss Mary Ford, Marjorie, Virginia, Mary Lou and Edwin Carr, Bernice Carper, Helen Wilson, Rita Wanch, Dorothy Shewalter, Vivian Hamilton, Phyllis Betz, Bobby Shepard, Clinton Roby, Jr. All left late declaring that the time was spent most delightfully.

Mrs. Thomas Simons and sons, Tommy and Billy, of Toledo, were the guests of her sister, Mrs. Ira Korst and family in Chillicothe from Wednesday until Sunday, when they returned to the home of Mr. and Mrs. Will Evans and family.

China's Civilization

China as a country might be referred to as a civilization rather than a national entity in the European sense. The outstanding features of the old Chinese civilization were the recognition of an aristocracy of learning, the recruitment of the civil service by competitive examination, and the absence of class distinction. To the family the Chinese owe their remarkable social stability, which enabled them to sustain many shocks to the political fabric, and to outlive more highly organized communities. But the culture of the family did not make for progress in the commonly understood sense of that word.

Atmosphere on the Moon

In the judgment of the majority of astronomers the moon is a dead world without atmosphere or life of any kind. A few believe that there may be a tiny trace of atmosphere on the moon in low places, and possibly some very low forms of vegetable life.

BREAD REMAINS SAME

Price of bread will remain unchanged in Circleville at present, it was revealed in a survey of the city's bakeries Monday. Many Ohio cities have raised the price of bread due to the inauguration of the NRA bakers' code Monday.

THE CIRCLEVILLE HERALD

MEET GUY BUSH...star pitcher for the Chicago Cubs! Guy won 20 games last year...pitched in all 264 innings...and he's pitching at an 800 clip this year. Like many athletes, Guy has found that at the end of a gruelling match, nothing brings back his energy and vitality like a Camel.

YOU TOO can increase Vim and Energy...quickly!

When you feel "used up"—smoke a Camel! Fatigue and irritability fade away. Your flow of natural energy snaps back to a higher level in a few minutes.

This experience is well known to millions of Camel smokers. It has been confirmed by a famous New York research laboratory.

Take for example Guy Bush. There's a lesson in what Guy

has to say about the "energizing effect" in Camels: "Bases full, one out, and a strike. I'm watching the bases and the batter, too. Now I've got to pitch. The pitch—and it's two strikes! Will he strike out? You think so...and yet you can't tell. Baseball is full of tough spots that take it out of a pitcher who works his regular turn and stands up to the grind for seven long months. Like most of the big-league pitchers,

I smoke Camels. And when I come out of a game after nine hard innings there's nothing that lifts up my energy the way a Camel does. I feel freshened up in no time at all. I smoke a lot. Camels never interfere with my nerves!"

Learn to "get a lift with a Camel" whenever your energy runs low. Smoke as constantly as you like. The finer, MORE EXPENSIVE TOBACCOS in Camels never upset the nerves.

CAMEL'S Costlier Tobaccos never get on your Nerves

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
"Get a LIFT with a Camel!"

ASHVILLE

A series of free movie-talkie shows are to be given on the streets of Ashville this summer, the first one to be held Tuesday evening, July 10. This entertainment feature is being sponsored by the Community club.

Rev. Paul C. Scott, pastor of the South Bloomfield M. E. church, accompanied by his family, left this week for a vacation trip to North Carolina where they will be guests of Mrs. Scott's relatives.

Mrs. Minnie Payne and daughter, of Columbus, who will be remembered as residents of Ashville a quarter of a century ago, were here the Fourth with relatives and friends.

Mrs. Mary Brown, wife of Wayne Brown, of Madison-twp, is recovering from a shock by lightning which struck a tree in the yard and was carried to a wire clothes line upon which she was hanging clothes, one day last week.

Mr. and Mrs. Ralph Cloud and Mr. and Mrs. George Kuhn, Ashville's quartet of newlyweds, were threatened to an old-fashioned belling Thursday night. The first-named couple was serenaded at the home of his parents, Mr. and Mrs. John Cloud on N. Powell-st, while Mr. Kuhn and his bride were visited at the home of his parents in Madison-twp, by a crowd variously estimated at 150. A jolly, good time was had by all and the merry makers were provided with treats at both places.

Justice Thomas M. Garner is recovering from a serious illness at his home on Scioto-st.

Rev. and Mrs. H. H. Glick spent Friday with relatives in Wooster.

E. L. Dailey, our former popular grocer, but who now enjoys a lucrative business in Johnstown, Licking-co, came back to help celebrate the biggest 4th of July in Ashville's history. An active member of our booster club he certainly did his share to make the day's doings a success.

NOTICE

All dairymen and grocers who sell milk will please call at City Cottage, 114 W. Franklin-st, to have license renewed. There will be a check up after July 15.

Defeats "Murrayism"

Early summer flowers in white and yellow decorated the home of Mrs. Thomas B. Gephart when she entertained nearly fifty of her friends Tuesday afternoon. The occasion honored her guest, Mrs. George C. Gephart of Clayton, Mo. Sewing and parlor games were the diversion. Late in the afternoon seasonal refreshments were served.

Miss Lois M. Ater is attending summer school at Wilmington college.

A large number of Williamsport folks enjoyed a picnic at the cottage of Mr. and Mrs. G. P. Hunsicker on the Lancaster camp-meeting grounds, July 4th.

Miss Waneta McNeal spent July 4th in Columbus.

The July meeting of the Sorosis club was held Monday evening with Miss Carolyn Bochard. The speaker of the evening, Miss Carolyn Scott of Columbus, entertained the group with a review of the play, "Men in White." Mrs. Geo. C. Gephart of Clayton, Mo., recited one of the poems of her own writing. Nearly forty were present, including members and several guests. At the close, delicious refreshments were served by the hostesses.

Miss Mayo Fuller, enroute from Florida to Zanesville, spent Wednesday with Mrs. Russell McDiff.

The Rev. Clarence Swearingen, formerly of Williamsport, spent a part of this week with friends here.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

THERE was a Scotchman, of course. He was terrible annoyed when his latest heir turned out to be twins, but he kinda settled down to be resigned about it when he heard the office force was going to make him a present of something.

So they had quite a celebration, and the chief clerk made a speech and presented Sandy with a big silver loving cup, just to sort of celebrate him as the father of these here twins.

Sandy made a speech, too, and he says, "Now I'm verra glad, my lads, that this cup has two handles, since it's only one cup for the two bairns. They'll both get their oats out of it somehow. But I notice that it's inscribed with a big blank space, like they do the golf cups, and I'm trustin' ye that ye'll nae require this cup to be won three times to become the property of the winner."

Home Helps

Some of my friends tell me it is necessary to cover all foods that are placed in an automatic refrigerator—others tell me that it is not necessary. Is it of enough advantage to me to cover them?

There are some folks who do not allow themselves to be sufficiently impressed with the value of covering all foods stored in a refrigerator for preservation. Foods that are exposed to the air are going to dry out, even though the temperature of the air is cold enough to keep the foods from becoming spoiled. Foods that are covered are going to remain much more palatable and will be more easily served if they are carefully stored. Only such foods as eggs, oranges, unpared fruits, or vegetables with their own protective covering need not be covered.

Use waxed paper whenever convenient to cover the foods, or wide-mouthed jars with screw-top lids are helpful, also.

Do you have a recipe for orange ice cream? I would like to make it, but I do not know what proportions to use for freezing it in an automatic refrigerator.

This orange ice cream comes to us highly recommended. We hope you like it.

Orange Ice Cream

- C. strained orange juice
- 2 Tbsp. grated orange rind
- 2 Tbsp. lemon juice
- 1/2 C. granulated sugar
- 1 Tbsp. flour
- Pinch of salt
- 1 egg yolk, beaten
- 1 tsp. granulated gelatin
- 2 Tbsp. cold water
- 1 egg white, beaten stiff
- 1 1/2 C. heavy cream (whipped)

Heat the orange juice and rind and lemon juice in a double boiler. Add 1/4 C. sugar, the flour and salt combined. Pour over the egg yolk mixed with 1/4 C. sugar. Cook 2 minutes, or until the mixture coats the spoon. Add immediately the gelatin which has been soaked five minutes in cold water. Stir until dissolved; chill. Fold in egg white and whipped cream, and pour into the freezing trays of an automatic refrigerator, stirring every 30 minutes until the mixture holds its shape. This quantity serves 6.

How is a molded chicken salad made? I would like to serve it when I entertain with a buffet supper.

A chicken loaf is a good recipe to follow when you want a smaller amount of chicken to serve a larger number of people. One cup of chicken will serve 8 according to this recipe.

they must act — Not just make promises.

"There have been many warnings in the past against this trend towards 'smutty' films, but they have gone unheeded. But when Catholics, Protestants, and Jews brush aside religious and denominational differences and unite to demand clean films, it became apparent that this time the people of the nation mean business."

Movie producers themselves have issued statements along with their announcements of new production schedules pledging themselves to cooperate in the drive for better films.

The production lists of such studios as Metro-Goldwyn-Mayer, Paramount, Warner Brothers, Fox, Columbia, Universal, R. K. O., United Artists, and Twentieth Century reveal a strong trend towards clean "action" movies, with "sexey" films relegated to the background.

Mr. and Mrs. James Gattrell, of Kingsport, Tenn., will return to their home Wednesday after a week's visit with Mr. Gattrell's parents, Mr. and Mrs. Harry Gattrell, E. Mound-st.

Molded Chicken Loaf

- 1 pkg. lemon gelatin
- 1 1/4 C. chicken stock, free from fat
- 1 C. chicken, cut in small pieces
- 1 C. pecans
- 1 C. celery
- 1 green pepper
- 1 onion
- 3 Tbsp. vinegar
- 1/2 tsp. salt
- 1/2 tsp. scraped onion
- Dash of cayenne
- Dash of Worcestershire sauce
- 1/2 C. stuffed olives, finely chopped

Dissolve gelatin in boiling stock. Chill. Combine remaining ingredients. When gelatin is slightly thickened, fold in chicken mixture. Turn into loaf pan or ring mold and chill until firm. Serve as a salad, garnished with mayonnaise.

LOOK AT BRAKES AND BODIES.

NOW THAT PRICES ARE ALL THE SAME

TODAY, MOST PEOPLE KNOW that the prices of "All Three" low-priced cars are pretty much alike.

Models may differ a few dollars... but it's safe to say that a Plymouth Special Six, delivered at your door, costs about the same as the comparable model of either of Plymouth's two competitors.

So when you look at "All Three" today... there's only one thing to think about... WHICH IS THE BEST CAR—WHICH GIVES YOU THE MOST FOR YOUR MONEY? We'll admit "All Three" are good automobiles. But before you buy any, consider these things:

When you step on the brake, will that car stop dead in its tracks? When your wife and children drive away, will you know they are safe, in a body of steel reinforced with steel?

Even if Plymouth COST MORE, which it probably doesn't, it would be worth it. The Special Six has Hydraulic Brakes, Safety-Steel Body, and the same Individual Wheel Springing that is used on the most expensive cars for a more comfortable back-seat ride. It has Floating Power to end vibration.

It has the luxuries that make you proud to own a car. Yet its price is right in line with comparable models of its two biggest competitors.

Look at the prices on the right. See the car at any Dodge, De Soto or Chrysler dealer. Then decide.

PRICES AND FEATURES OF THE NEW PLYMOUTH SPECIAL SIX

4-Door Sedan \$620 2-Door Sedan \$580
Town Sedan \$655 Business Coupe \$560
Rumble Seat Coupe \$590

HYDRAULIC BRAKES. Always equalized. Eliminate dangerous swerving. Save frequent relinings.

SAFETY-STEEL BODY. Best safety insurance you can have on today's busy highways.

FLOATING POWER Engine Mountings. Keep vibration away from you. You ride relaxed.

INDIVIDUAL WHEEL SPRINGING. Best of so-called "knee-type" springs, as used on the most expensive cars.

Four piston rings instead of the usual three. Four-bearing Crankshaft—Valve-seat Inserts—Oil Filter—Steel Artillery Wheels—Dual Trumpet Horns.

Prices as low as \$485 for Standard Plymouth. All prices f.o.b. factory, Detroit, subject to change without notice. Time payments to fit your budget. Ask your dealer for the Official Chrysler Motors Commercial Credit Plan.

Secretary Perkins and Senator Wagner Win Victory Over Johnson

WASHINGTON—Chalk up a significant behind-the-scenes victory for Madame Perkins and Senator Bob Wagner.

When the President issued the executive order creating a new National Labor Board, he hung a haymaker on the jaw of General Hugh Johnson.

The Blue Eagle herd-rider was against the continuance of such an agency.

He wanted labor disputes to be handled by the industrial relations boards of the various coded industries, with the new Wagner Labor Act as an emergency weapon for use in situations where his boards proved ineffectual.

But Miss Perkins and Wagner favored a National Labor Board as the permanent arbitral agency. And the President not only sided with them, but in doing so added more bay leaves to their laurels.

In setting up the new Board he gave it an independent status. But he put it under the nominal jurisdiction of Miss Perkins' Labor Department. By this little technicality he made her THE labor administrator of his regime.

Wagner's special kudos came in the selection of the personnel of the Board. The President accepted his recommendations.

Perfect Gentleman

After all, what's nine million dollars among friends? Emory R. Buckner, head of the New York Clearing House Association, enroute to New York, was sitting at a dining table with Postmaster General Jim Farley and Marvin McIntyre.

While they were chatting, up strode James F. T. O'Connor, rugged little Controller of the Currency. Buckner, seeing him, got up cordially and offered his seat.

With ready Irish humor, O'Connor turned to Farley: "This, Jim, is an exhibition of the perfect gentleman. He offers his seat to a man who is suing him for \$9,000,000."

Note—Controller O'Connor recently filed suit against Buckner's New York Clearing House for that sum in connection with the Harrison Bank case.

New Deal Poll

Here is a continuation of the Merry-Go-Round cross section poll on the effect and popularity of the New Deal. It is conducted through the cooperation of ten newspapers in ten average cities of the United States. The following interviews, obtained by The Dallas Dispatch, are with the head of an oil company and a worker in the Texas oil fields:

HAS THE NEW DEAL IMPROVED YOUR ECONOMIC CONDITION?

Oil Worker: Not much. Oil Executive: Yes. SHOULD ROOSEVELT SWING MOKE TO THE RIGHT OR THE LEFT?

Oil Worker: More to the Right? Oil Executive: To the Right. WHAT IS THE WEAKEST SPOT IN THE NEW DEAL?

Oil Worker: Not enough work. Money enough has been appropriated but it has not been turned loose. Oil Executive: Capital's lack of confidence.

WHAT IS THE MOST URGENTLY NEEDED NEXT STEP THE PRESIDENT SHOULD TAKE?

Oil Worker: To give the working man a chance to earn his own living and relieve him of dependence on charity. Oil Executive: He should concentrate on establishing confidence. He should let it be known in what direction the nation is drifting. He should set a definite policy and stay with it.

DO YOU FAVOR CONTINUATION OF THE N. R. A.?

Oil Worker: Yes, so far. Give it more of a chance. Oil Executive: Yes, with universal enforcement.

DO YOU FAVOR THE A. A. A. AND ITS PAYMENTS TO FARMERS FOR ACREAGE REDUCTION?

Oil Worker: Yes. Oil Executive: Cannot answer. An oil man, not an agriculturist.

R. M. GEARHART DIES SUDDENLY AT AGE OF 68

Death Comes After Dinner for Daughter, Who Planned Vacation

SERVICE THURSDAY

Deceased Native, Lifelong Resident Here

Robert Morrow Gearhart, 68, died suddenly of a heart attack at his home, 625 N. Court-st., at 4 p. m. Sunday, just a few hours after he had participated in a farewell dinner for his daughter, Mrs. Harry Stoker, Columbus, who was to have left Tuesday for an extended visit in Minneapolis, Minn.

Mr. Gearhart was found dead in the living room of his home by his wife and daughter, after they had returned from a short ride in the country. His body was lying near the telephone, indicating that he made an attempt to call for help.

Dr. Gene Stevenson of Cincinnati, who was visiting at the home of his brother, Bruce Stevenson, N. Court-st., and Dr. D. V. Court-right, the family physician, were summoned to the Gearhart home but were unable to be of any assistance.

DEATH SUDDEN

Mr. Gearhart did not complain of any illness previous to the attack. He appeared in good spirits at the dinner party for his daughter, Mrs. Stoker and his grandchild, Harriett, of Columbus, who planned to visit another of Mr. Gearhart's daughters, Mrs. George R. Dunn in Minneapolis.

A native of Circleville, he was born June 27, 1866, a son of Jerome and Mary Morrow Gearhart. He married Ruth Warner June 26, 1890, who with the two daughters, survives him. He was employed at what is now the Container Corporation of America for nearly 40 years, leaving there more than a year ago to accept a position with the Columbus Consumers Corp., where his son-in-law, Harry Stoker, operates.

Mr. Gearhart was a member of St. Philip's church and the Knights Templar, this city. Besides his wife and two daughters, he is survived by two brothers, George W. Gearhart of Fort Smith, Ark., and Fred Gearhart, this city, and three sisters, Mrs. C. K. Howard, E. Main-st., Mrs. Emma Strawser of Ashville, and Mrs. Nannie Connelly of Tuscon, Arizona.

FUNERAL THURSDAY

Funeral services will be held at 3 p. m. Thursday at St. Philip's church, with Rev. Leavitt Sherburne officiating. Members of the Knights Templar will serve as pallbearers. Burial will be made on the family lot in Forest cemetery with Knights Templar in charge.

The Albaugh Co. is in charge.

Farmer Suffers Broken Neck In Fall Off Wagon

Suffering fractures of the second and fifth cervicals in his neck, A. W. King, 51, of Wayne-twsp., was reported resting as comfortably as could be expected in White Cross hospital, Monday, after being injured last Friday evening.

He was on top a load of wheat on the Walter Downing

farm, Wayne-twsp., when the wagon struck a rut. He was thrown off striking his head. King was taken to the office of Dr. C. E. Bowers and after some treatment was removed to the Columbus hospital. He had suffered some paralysis before reaching Bowers' office. The injured man, who lives on the Jonathan Pontius farm, has a wife and two children.

HOLLYWOOD MOVES AGAINST INDECENCY

WORRIED? MARRY, SAYS PROFESSOR

NEW YORK, July 9.—If you're worried and aren't feeling healthy, get married. That was the advice of Dr. Randolph C. Saylor of Teachers college Columbia university, in a survey of the happiness self-estimates of 500 men.

Dr. Saylor found that bachelors are more inclined to brood.

"You can't really be happy unless you have money," he added, "for happiness varies in inverse proportion to your bankroll."

CAPT. THOMAS TAKEN SUNDAY

Former Superintendent of National Cemeteries Dead; Lived in Ashville.

Captain John H. Thomas, aged 88, a veteran of the Civil War and a retired superintendent of national cemeteries in different sections of the south, died Sunday at the home of his son, Jesse, in Columbus.

He is survived by one daughter, Mrs. Edith Thomas, and one son, Jesse. Funeral services will be held at the funeral parlors of Denton & Donaldson, Town-st., Tuesday at 8 p. m. The body will be shipped to Murfreesboro, Tenn., Wednesday for interment in Stone River cemetery near by.

RETIRED IN 1928

Captain Thomas was well and favorably known in northern Pickaway-co. More than 50 years ago he resided at St. Paul, Madison-twsp., where he followed his trade as brick mason and plasterer. Later he removed to Ashville where he continued to work at his trades until 1904, when he received the appointment as superintendent of National cemetery, serving six months probation at Chattanooga, Tenn., before going to Lebanon, Ky. He also had charge of cemeteries at San Antonio, Texas, Mexico City, Mo., and ended his active service at Stone River cemetery, where he was retired in 1928. He received the title of captain by reason of this service.

After retirement and until his health began to fail he spent some time in Ashville and also was an inmate of the Soldiers' homes at Dayton and Sandusky.

Since the marriage of his son several years ago he has made his home with him in Columbus.

ACTIVE IN FRATERNITIES

Fraternally he was a member of the Masonic lodge at Lithopolis having passed his half century membership a short time ago. He also has been connected with the local council and chapter of the local council and chapter of the local council and chapter of the local council.

Since the marriage of his son several years ago he has made his home with him in Columbus.

Hays' Aide to Pass on 'Cleaness' as Catholics, Jews, and Protestants Join in Demands; May See Return of 'Westerns.'

HOLLYWOOD, July 9.—Hollywood moved swiftly today to wash up its soiled celluloid in the face of a rising tide of protests that United Catholics, Protestants, and Jews in demands for clean movies.

Movie producers, many of whom have already felt the effect of boycotts in eastern centers against indecent films, pledged their wholehearted support to a rigid, self-imposed censorship.

Effective July 15, every film made in the major studios affiliated with the Association of Motion Picture Producers and Distributors, headed by Will Hays, must carry a "certificate of purity."

BREEN HAS POWER

Joseph I. Breen, first assistant to Hays, has been made the "censor king," and from his decisions there can be no appeal save to the full membership of the board of directors of the Hays organization.

The first effect of the drive to clean movies, according to those close to the industry, will be a revival of adventure and open air stories along with thrilling historical subjects.

Super-sophisticated "drawing room" dramas will languish, it was predicted. "Westerns," now almost in disrepute, may come back.

Hays himself is enroute here from New York, and is expected to arrive tonight for some frank conferences with leading movie executives.

"Never before in movie history has the criticism of unclean films reached such proportions," said an important figure in the movie industry who refused to allow his name to be used.

RESIDENT OF CITY FIVE YEARS TAKEN

Mrs. Susanna Combs, 72, wife of Franklin Combs, died Sunday morning of a cerebral hemorrhage at the home, 450 E. Franklin-st., after an illness of 10 weeks.

Mrs. Combs and her husband removed here from Lancaster five years ago.

Besides her husband she is survived by a half-brother, Thomas Wiggins of Delaware, and half-sister, Mrs. Mary Dumm of Decatur, Ill., and a number of nieces and nephews.

The body was taken to the home of T. E. Mettler, Laureville, for funeral services Tuesday at 2 p. m. with Rev. Spurgeon Metzler officiating. Burial will be in Green Summit cemetery, Adelphi, by H. E. Defenbaugh and Son, Mrs. Mettler is a niece.

BANKER TO PRISON

NEW YORK, July 9.—Joseph W. Harriman, ex-banker, who, in the heyday of his financial power rode in a private car, left for prison today in a smoky, crowded coach to begin serving a four-and-a-half-year term in the federal Northeastern penitentiary at Lewisburg, Pa.

The former president of the Harriman National Bank and Trust company, who made two attempts at suicide while awaiting trial, was in a fairly cheerful and resigned mood.

Insult Trial Sent. 18

CHICAGO, July 9.—Samuel Insull, fallen utilities magnate, and sixteen co-defendants will go to trial Sept. 18 on federal charges of using the mails in a scheme to defraud. Federal Judge James H. Wilkerson today set the date of the trial after overruling a motion for a bill of particulars.

INFANT SECURES

Marvin Averill Stevenson, infant son of Mr. and Mrs. Bruce Stevenson, N. Court-st., died several hours after birth at Berger hospital Sunday.

Funeral services will be held at Forest cemetery at 10:30 a. m. Tuesday, The Albaugh Co. in charge.

THREE PLANES IN "TUNE" FOR ATLANTIC HOP

Russia, Norway, Abyssinia Goals Trio From Bennet Air Field

GO IN TWO WEEKS

Kepler, Stevens Ready to Test Stratosphere

NEW YORK, July 9.—Three more trans-Atlantic flights are about ready to get away from Floyd Bennett field, the municipal airport of New York.

Within the next two weeks William Alexander and William Brooks will take their giant Sikhs amphibian off for a flight to Russia.

Hor Solberg, in his Loening air yacht, is completing his preparations for a take-off within two weeks for Bergen, Norway.

ABYSSINIA BOUND

"Colonel Hubert Julian, the 'Black Eagle' announced that he was about ready to take off on his flight to Abyssinia.

Everything was in readiness today, except the weather man, for the stratosphere flight that will take Major W. E. Kepler and Capt. A. W. Stevens 15 miles into the skies in a metal gondola attached to the largest free balloon ever manufactured. Indications were that the take-off would be delayed until Wednesday.

PLEASED WITH TRIALS

The two officers were elated with their trial experience in the gondola. They spent several hours in the 100-inch diameter sphere on Saturday and another four hours Sunday. On both occasions they underwent the same ordeals that they will encounter in the actual flight. Sunday's test of the gondola was made under air pressure conditions that would be found 800 feet below sea level.

Police Court

Mayor W. B. Cady's police court was a beehive of activity Monday as six week-end violators were brought in for hearings.

Chester Fowler, S. Clinton-st., received the heaviest punishment. Arrested in the south-end of town at 8:30 p. m. Sunday, Fowler was charged with being drunk and disorderly and maliciously destroying property and was fined \$100 and costs and committed to the Cincinnati workhouse. He was taken there this morning by Officer William McCrady. He is alleged to have destroyed the ignition on Andrew Spellman's auto.

Alfred Morris, W. Mill-st., who Officer McCrady charged with breaking up chairs and dishes at his home, was fined \$25 and costs and committed to the county jail for being drunk and disorderly.

Other violators arraigned were: Ellis Hampshire, this city, arrested at 11 p. m. Saturday for intoxication. Fined \$15, which he paid and was released.

Frank Smith, this city, arrested at 10:15 p. m. Sunday for intoxication, was fined \$10 and costs and committed to the county jail.

Wince Hill, Darbyville, arrested at 9:30 p. m. Saturday for intoxication, has a fine of \$5 and costs suspended on good behavior.

Charles Seymour, this city, was arrested at 12:05 a. m. Sunday on complaint of his wife for being drunk and disorderly, but was later released when his wife failed to appear to prosecute the charges.

Wellston Newspaper Hits Scioto River's Pollution

Blames Chillicothe Paper Mill and Container Corporation Refuse For Causing Death of Many Fish In Stream; Demands Action.

Commenting editorially in its July 5 edition on the number of dead fish seen in the Scioto river at Richmond Dale on July 4, the Wellston Telegram cites that the condition was "a horrible example of the erratic administration of the fish and game laws of Ohio."

The editorial states: "Dead fish in great numbers had floated on the sandbars, making a stench that drove campers and fishermen to more hospitable and less polluted streams. Pollution of the Scioto river, presumably by the Chillicothe paper mills and the Circleville strawboard works, is killing more fish than 10,000 sportsmen could catch out of the season, we are reliably informed."

The editorial comments also on the pollution of Big Kaccoon creek by sulphurous waters from active or abandoned coal mines east of Wellston. All the fish have been killed off in that once well-stocked stream.

"It is altogether proper that game protectors should prosecute the smaller offenders who take a bass before midnight on June 15, or use a forbidden net, or don't throw back fish too small to be keepers," the editorial continues. "Yet they are of minor importance."

"Commissioner Reinhardt should come to Richmond Dale in person and then go up the Scioto river, putting a ban on every factory that empties its deadly pollution in those waters. Otherwise, there will be no fish left."

Train for Stratosphere Hop

Capt. Albert W. Stevens, left, and Maj. William Kepner, center, who are preparing for their stratosphere flight from a point near Rapid City, S. D., are pictured in front of the gondola to be used in the flight with Captain Anderson, right, in charge of the ground crew.

PLANE CRASH FATAL TO TWO

Barnstorming Pilot and Delaware-Co Man Killed Before Crowd of 150.

DELAWARE, July 9.—An airplane crash today had brought death to the pilot and his 320-pound passenger.

Victims of the crash, Rodney Howey, 35, barnstorming Sandusky (Ohio) pilot, and Elmer Sharrock, 23, the passenger, were burned almost beyond recognition as the ship burst into flames after it piled up.

About 150 persons, which gathered to watch the impromptu air

'JUMPER' IS KILLED

DETROIT, July 9.—While 400 persons looked on, George Thompson, 24, made his 88th and last parachute jump yesterday at the motor city airport and Seven Mile road. He was killed when his chute failed to open. Just before he jumped Thompson "passed the hat" and collected \$9.04.

show staged by Howard and his partner, R. J. Hills, of Caledonia, owner of another plane, witnessed the tragedy.

ON STUNTING FLIGHT

Howey had obtained a limited over the local airport and taking passengers for short flights. Howey was pursued to take Sharrock on a stunting trip because the latter was a friend of Hills.

All went well on the flight but as the ship neared the ground for the landing, the motor apparently stalled for a few seconds. The ship swooped crazily to the ground and skidded on one wingtip, soared aloft again and then crashed.

Both men wore parachutes but they were unable to use them because they were so close to the ground.

Sharrock was widely known throughout Delaware-co. He starred on the Caledonia basketball team in his high school days.

Howey had obtained a limited pilot's license two years ago after taking lessons at Sandusky. He moved to the latter city from Bellevue five years ago. Unmarried, he lived with his parents in Sandusky.

He frequently made barnstorming tours in the state and the accident yesterday was his first serious one, and tragically, his last.

\$10,000 SUIT CRASH RESULT

Damage Action Filed by Chillicothe Woman Against Cleveland Driver.

An auto wreck on the Scioto Trail, four miles south of Circleville, is the basis of a \$10,000 damage suit filed in common pleas court Monday by Violet F. Wissler, Chillicothe, against James R. May, 2121 Arlington-rd., Cleveland.

Forrest Claypool of Chillicothe is attorney for the plaintiff. The plaintiff's petition charges that she was driving south on Route 23 on the evening of March 30, 1923, and was just approaching the bridge over Scioppo creek when the defendant's car, being driven north, crashed into her auto pinning it against the bridge and painfully injuring her.

Mrs. Wissler says the defendant had no control over his auto, was driving at a fast rate of speed and in a careless manner.

She claims she suffered a cut six inches in length from the lower forehead to the top of the head, which will be a permanent disfigurement.

She asks \$10,000 damage for this injury.

HICKMAN ON TRIAL IN GIRL'S MURDER

SAN FRANCISCO, July 9.—The "inside story" of a stirring drama of gay night life in San Francisco, punctuated with the brutal murder of a pretty auburn-haired girl, was to start unfolding in superior court here today.

Defendant at the bar is Mildred Hickman, 45-year-old San Francisco shipping official. He is accused of ravishing and slaying little Louise Jeppesen, 23, member of a socially prominent and wealthy Ogden, Utah, family.

The girl was found dead in a tunnel at Golden Gate park, famed beauty spot of San Francisco, early in the morning of May 12. A few hours before, Hickman had been her escort at a night club party. After the party, she had visited Hickman's apartment.

The prosecution will demand that Hickman be sent to the gallows.

MAN BEATEN IN UNION 'UPRISING'

KENTON, July 9.—One man was beaten and 13 persons were arrested today in the first serious clash between pickets of striking union weavers in the Scioto Marshlands and the special force of more than 50 deputy sheriffs who were mobilized to prevent trouble in the walkout.

The disorder occurred when 100 pickets attempted to stop five carloads of men being taken to the union ranch of Earl Huston, near Alger. Deputy sheriffs reported to Sheriff Wilbur Mitchell that they were forced to beat one striker because he resisted arrest. Twelve others and the injured man were taken into custody.

Thirteen knives, several slingshots and rocks were taken from the pockets of the pickets, Sheriff Mitchell claimed.

IMPORTANT GAMES ON WEEK SCHEDULE

Marion Meats and Mecca
open recreation league
series tonight with a heavy
fight filling the week's pro-

Mecca will be favorites but
too heavily for these McClan-
nans, in a slump for a while, are
due to snap out of it pretty short-
ly and make life miserable for
someone. It is expected Buskirk
and Heggie or Vrethorne will do
the hurling chores.

Tuesday evening brings the
vastly improved Purina Chows
against the Circle City drymen.
Since the Chows have added a cou-
ple of outfielders they have be-
come tough and will test the dairy-
men.

FEEDS VS. OILS
The Wednesday game should be
a humdinger with the Eshelman
Feeds trying to keep their record
clean against the also-improved
Circleville Oils. The game should
be an interesting one with Eddie
Callihan tossing for the Feeds and
Carl Purcell for the Oils.

Thursday brings another impor-
tant contest, the Container Corp-
oration trying to return to the vic-
tory column against the speedy
Given Oil outfit. Roy Norris will
pitch for the Feeds or Eddie
Watson on the hill with Bob Jones
to draw Lester Harris' nod.
The contest is either do or die for
the straw-board after losing last
week to the Eshelman's; the same
thing is true of the Givens.

POSTPONED CONTEST

Friday evening the game post-
poned from July 3 between the
Mecca restaurant and Circleville
Oils is booked. This, too, should
be an interesting game so the
week's schedule does appear filled.

There was no regular game Sun-
day afternoon with players from
the straw-board, Mecca, McClan-
nan Meats and Circleville Oils
choosing up for some fun. Cum
Robinson's team aided by a muddy
outfield was believed ahead at the
end of the fray which was featured
by Bud Miller's snappy umpiring.

Will Rogers Picks A Story For This Spot

MEN do make up a lot of ex-

on Friday. I reckon they wouldn't lie
about it.

about it so much if their wives
didn't just not object to them for
staying out a night once in a while
for an evening with some of the
other guys. Well, they're telling
out in Hollywood about a doctor
that never could get away from
home in the evenings without a
lot of excuses. But he was particu-
lar about not lying to his wife,
because he was afraid of getting
caught. So one evening she let
him go right quick when he said,
"I've got to get out on a mighty
important case this evening, and
I'll be out late. Emergency, you
know."

"What kind of a case?"
"I don't know, only it's serious,
and there's seven well-known doc-
tors on the job already. There on
the spot now. You don't want me
to be late, do you?"
She let him go. And he went
to a poker party, where some of
his medical chums were gathered
for the night.

STARR TAKES TWO FROM COLUMBUS 9

MINNEAPOLIS, Minn., July 9.
—The Columbus Red Birds held
third place today in the American
association pennant fight, three
games in back of Indianapolis and
two in back of the Millers.

The Birds dropped two games
here yesterday to the Millers, the
first to the tune of 18-7 and the
second 4 to 2. Ray Starr, lanky
right-hander, pulled the strong
man act and pitched both games
for the local club.

Joe Hauser rapped out three
honors for Minneapolis and Gene
Moore two for Columbus.
Indianapolis kept out in front
in the association flag chase yester-
day by taking two games from
Kansas City, 7 to 6 and 4 to 1.
St. Paul won two from Toledo, 8-6
and 2-1, and Milwaukee defeated
Louisville 11-3 and 10-3.

About This And That

BY THE
SECOND GUESSEER

IF THERE ARE TO BE ANY
trades or releases of ball players
from one team to another they
must be completed this week—A
league rule says that no player
can be released by one team to
another or traded between teams
after the third week of the sched-
ule. This is the week. The rule
was put into effect to prevent any
team that has a chance to go
somewhere in the half to load up
by obtaining a star from some
weaker team.

Glen Presnell, all-American grid
star from Nebraska, will not be in
a professional football uniform
this fall—He will coach the back-
field of the University of West
Virginia—Detroit, the city which
bought the Portsmouth franchise,
will not lose by Presnell's decision
because Earl "Dutch" Clark, star
wing Colorado quarterback, has de-
cided to return to pro ranks after
coaching for one year at his alma
mater—his contract naturally goes
to Detroit since he belonged to
the Portsmouth syndicate—Clark
was considered the best quarter-
back in the business when he quit
playing.

The strike out feats last
week of Eddie Callihan, Esh-
elman's 'hotcha' hurler, place
him in the spotlight as just
about the best pitcher in just
about every ball league. He
fanned 11 straw-boarders and
13 Given Oils—It's reported
Eddie Watson will be the
straw-board pitcher from now
on; but not confirmed.

HARRIS, JONES PROTEST FEED 3-2 VICTORY

Claim Callihan Batted Out of
Turn; Runner Advanced
Illegally They Say.

Lester Harris and Walter Jones,
of the Given Oils, are planning to
protest the Eshelman Feed victory
over their team last Friday eve-
ning. The game was won 3-2 in
ten innings by the Feeds after a
hectic battle.

Harris and Jones claim Eddie
Callihan batted in the eighth,
ninth and tenth innings out of
turn to drive in Tomlinson with the win-
ning run.

They also charge that an Esh-
elman runner was awarded second
base on an alleged overthrow when
the ball was returned to play be-
fore it went into the crowd. They
claim this was a violation and that
the runner should not have been
awarded the base.

Harris and Jones were instructed
to see the league president,
Frank A. Lynch, concerning a pos-
sible protest.

On Saturday Harris was ques-
tioning the eligibility of Howard
Goldsberry, Eshelman manager, to
enter the game. Goldsberry played
right field part of the game. Golds-
berry is eligible according to his
own player roster. He is the
"dozen" player.

It is possible President Lynch will
call a meeting to determine what
should be done with the protest, al-
though it seems that the protest
should have been filed immediately
instead of three days after the
game.

NO EXHIBITION, BATTLE, CLAIM STAR LEADERS

Cronin Calls on Other Mana-
gers For Aid; Mel Harder
To Be Second Hurler.

NEW YORK, July 9. If you've
any idea that the second annual
all-star inter-league battle at the
Polo grounds here tomorrow is go-
ing to be a mere exhibition in
which the boys go through the mo-
tions of looking like ball players,
but not really playing to win, then,
sir, you'd better reach out for an-
other opinion right off. For this
game is going to be a real struggle.

As most people know there is an
intense rivalry between the Na-
tional and American league club
owners and to the league emerg-
ing on top tomorrow victory will
be almost as easy to take as a
world's series triumph. Both Bill
Terry and Joe Cronin, rival pilots
for the classic, have been instruct-
ed to win at all costs.

STUDY SITUATION

This morning Cronin, whose
Senators played the Yankees here
yesterday, will go over his plans
of battle with other junior loop
pilots who are in town and also
with some of his players. Tomor-
row morning he'll assemble the
whole American league squad in
the Hotel Commodore for a "pep
talks" before the departure for the
Polo grounds.

The National league players also
will have "skull practice" but it is
likely the meeting will not be held
until just before the game in the
Giants' clubhouse. Only eight of
the National league players were
in the city last night.

Cronin announced last night that

It is his intention to use all twen-

Yankees positively will start on the
mound for the junior circuit rep-
resentatives, Cronin said, with Mel
Harder of the Indians second
choice to hurl.

The incomparable Carl Hubbell
is almost certain to oppose Gomez
at the start of the game.

REVENGE SOUGHT FOR

In addition to wanting the Amer-
ican league to win, Cronin sees in
tomorrow's game an opportunity
for him to gain personal revenge
for the drubbing the Giants gave
to his Senators in the world's se-

FIGHT TO WIPE OUT PARALYSIS GOES ON

NEW YORK, July 9.—The dramatic fight to wipe out infantile paralysis entered a new stage today when one of six scientists who voluntarily submitted to inoculation to prove the safety of a recently discovered preventative serum announced that a cure for the disease itself is in experimental stages.

The nature of the cure, designed to end the most feared of childhood scourges, was guarded with secrecy pending result of tests now under way. It is known, however, to be the discovery of Dr. Maurice Brodie, assistant professor of bacteriology at New York university.

Steel Arbitrators

Here are two members of the steel labor board met today. President Roosevelt to settle the strife in the steel industry which has threatened a nation-wide strike—top, Rear Admiral H. E. Wiley, U. S. N., retired, and below, James Mullenback, of Chicago, member of the labor policy board of the petroleum administration board. The third member is Chief Justice Walter F. Stacey of the North Carolina supreme court.

ants were to receive their second inoculations of the preventative serum today. They laughed at the suggestion that they were endangering their lives and pointed to the success of the first inoculation to prove the safety of the fluid.

VACCINATE OTHERS

If Dr. Brodie, Anna Goldberg and Judith Figarsky show no ill effects from the second injection Dr. William H. Park, director of the bureau of laboratories, will vaccinate 12 boys and girls from orphan or charitable institutions, if the courts permit.

It was decided to make the selection from homes because the scientists will be able to keep the children under constant observation, not only for the first few days but for weeks after they are inoculated. Dr. Park expressed high hopes for the serum and was the first to volunteer for an injection.

After the 12 orphans have been tested, Dr. Park plans to inoculate a colony of 100 and if there are no ill effects then, the serum will be released to doctors throughout the country and the world.

"There will be no danger," Dr. Park said, "because we have eliminated the possibility of danger through the present experiments. That is why we took the serum ourselves. Because we wanted to show that it could be safely administered to a child."

FORWARD STEP

Dr. Brodie's experiments in effecting a cure for children already afflicted promised the most forward step in medicine in many years. At present there is no cure and Dr. Brodie stated that physicians can only make patients as comfortable as possible during their illness. This minor comfort is attained through lobar punctures and withdrawal of spinal fluid.

ABDUCTED SHERIFF WINKS, IS RESCUED; TWO MEN FACE JAIL

LYONS, Kan., July 9.—Ambushed and kidnapped by two robbery suspects who threatened him with death, sheriff P. A. Dickerson winked himself out of his predicament and today was still enjoying life as a minion of the law in Rice-co.

When the abductors stopped their car at a filling station, Dickerson winked at the attendant, Herman Swink, who recognized the sheriff and spread an alarm as soon as the car departed.

The kidnappers were overtaken on a lonely Oklahoma road south of Waldron, Kan., and surrendered. They identified themselves as Fred Blaze, 35, Oswego, N. Y., and Tom Stevens, 20, Duluth, Minn. They were being held at Hutchinson in connection with a \$15 robbery at Frederick, Kan.

HITLER'S CHIEF

(Continued From Page One)

any other people on earth ever fought for their freedom. The French people know what it means to fight for their own land. Every wood, every hill, every bush would have to be conquered with blood. Old and young would dig themselves in with their nails in the ground.

"They would defend themselves with fanaticism beyond comparison. And even if superiority of modern weapons would triumph, nevertheless the way into the Reich would be a horrible one for the victor too."

What is the reason for this sudden cry of "Wolf?" Partially the reason is revealed in an editorial in the Deutsche Allgemeine Zeitung declaring France had conspired through Von Schleicher to bring about circumstances which would lead to chaos in Germany and implying that France would have taken such opportunity to invade the Reich.

The Allgemeine Zeitung emphasizes that "French campaign of calumny" had immediately preceded the discovery of the Roehm-Von Schleicher plot in Germany. The chief item in "The French Campaign" according to the Allgemeine Zeitung was the French and English publication of the details of an alleged German plan for bacteriological warfare on Paris by infecting with deadly bacilli the Paris subways.

CATHOLICS IN ACTION

The next reason for Hess's cry of alarm is illuminated by the action of the German Catholics yesterday. By order of Bishop Bares every Catholic congregation in the Berlin diocese offered up prayers for the Catholic leader slain by Nazis in last week's terror. From each church the priests read these sentences:

"Eight days ago the leader of the Catholic action, Erich Klausener, was suddenly torn from life. He died a devout Catholic." Then followed the solemn prayer. The wording was significant because Nazi authorities declared Klausener committed suicide but the church emphasized he died a devout Catholic.

Meanwhile 50,000 Catholics cheered Cardinal Von Faulhaber in the large square in front of the Cathedral of Bamberg on the occasion of his jubilee marking the 50 years in the priesthood of Jacobus Von Hauck, Bishop of Bamberg, made a remarkable speech referring to the events of last week and exhorting the priests to "remain on top of the events of our time, but do not allow yourselves to be victimized by it," and stressing, "there is only one savior for us—Jesus Christ."

Figures in "Revolt"

These photos show two of the prominent figures involved in the turmoil in Germany resulting from the smashing attack of Chancellor Adolf Hitler against foes within the Nazi party—top, Baron von Fritsch, head of the Reichswehr, reported under arrest; below, Gregory Strasser, former leading Nazi organizer, one of the many executed by Hitler.

BENJ. J. MCKINNEY, JOURNALIST, DEAD

Founder of Marietta Times Succumbs After Brilliant Career; Was 84.

MARIETTA, July 9.—Death today had written "30" to the brilliant career of a great newspaperman.

Benjamin Jackson McKinney, 84, passed on during the night after nine years of invalidism.

One of the close personal friends of the late President Warren G. Harding, Mr. McKinney also was a former mayor of Marietta and founder and longtime publisher of the Marietta Times.

He suffered a paralytic stroke on Memorial Day in 1925 and a second stroke in September of that year. His illness had held him to his home since that time.

WORKED ON PACKETS Mr. McKinney was born in Sistrerville, Va., a territory which is now part of West Virginia. As a youth, he worked on packets on the Ohio river and later became cashier of a bank at Parkersburg, W. Va.

He moved to Ohio, where his frank, open personality, his rugged character and his hard work brought him almost instant success. In 1884-85, he was chief deputy auditor of Ohio and served as state oil inspector in the Harmon administration.

Mr. McKinney also was one-time auditor of Washington-co. He founded the Marietta Times in 1890 and it became the most widely read and powerful newspaper in this section of the state. Eighteen years later, he sold it to his two sons.

who have been in the county jail serving out fines growing out of liquor charges, were released Monday.

JAILED HERE

William Cordray of Ashville, was admitted to the county jail to serve out a fine imposed upon him by justice of peace court in Harrison-twp on a charge of intoxication. He was brought to jail by Constable Cecil Scott of Ashville.

ADMITS 3 KILLINGS

McALESTER, Okla., July 9.—Bun Riley, admitted petty thief and small-time high jacker, was being held in the state prison here for confession that he alone perpetrated the brutal slaying of three Canadian, Okla., companions-in-crime two weeks ago.

Chinch bugs have been reported in a number of localities in Ohio. County agents are prepared to supply directions for their control.

KINGSTON

The Ladies Aid Society of the M. E. church will meet on Wednesday afternoon, July 11, in the community room.

The committee in charge is as follows: Mesdames Ida Jones, Florence Jones, Jessie Shannon, Elizabeth Kerns, Laura Raub and Miss Louise Kerns. A good program is being arranged and a good attendance is urged.

Mr. and Mrs. Neal Luerman celebrated their second anniversary on July 2, at their home on North Main-st.

Mrs. Charles Fullen and two small sons of Circleville were the guests of Mr. and Mrs. Paul McGinnis and family on Thursday.

Mr. and Mrs. C. G. Grove and family recently moved from Louisa, Ky.

Miss Ada Merriman, who has spent a month with her sister, Mrs. Sara Gotten in Columbus, spent from Sunday until Thursday at her home in Kingston, returning to Columbus. Miss Merriman is slowly recovering from her serious illness.

Mrs. E. B. Sims of Columbus and Mrs. Emma Sharpe spent last week at the "Sims-Sharpe" camp at the Kellenberger bridge.

Miss Althea Jane Hettinger of Lancaster and Henry Jones of Sandusky spent the Fourth of July with her parents, Mr. and Mrs. Samuel Hettinger and Almond Hichens.

Miss Ruth Beavers is the guest of friends in Wilmington, this week.

The Woman's Foreign Missionary society of the M. E. church met on Thursday afternoon, July 5, in a most delightful meeting at the pleasant home of Mrs. Emma May.

Miss Umsted appointed Mrs. Mrs. Emma May, Mrs. Carrie Holderman and Mrs. W. R. Sunderland on a nominating committee to select names for officers for the coming year. The next meeting will be held on August 2 at the country home of Mrs. A. Dane Ellis, with Mrs. Albert Ellis and Miss Margaret Thomas assistant hostess. Mrs. G. L. Borders, the treasurer gave a short talk. Mrs. Borders was the program leader and running a fine program was presented—Mrs. Borders being the extension members secretary discussed the subject, Mrs. May announced the ice cream social to be given on Saturday evening in the social room of the Presbyterian church. A missionary and patriotic hymn song was enjoyed singing "America," "God Bless Our Native Land," "Praise the Savior All Ye Nations," "O Zion Haste," Miss Umsted was at the piano. Mrs. N. J. Ford the Stewardship secretary talked on "Possessions." Mrs. May read the following poems "I hold, the Secret" and "My Shepherd." "Indian Social Secret" was read Mary Ford, "Happenings Here and There," were read by Mrs. A. U. Brundige. The Mystery Box questions were in charge of Mrs. Dennis H. Drelbach. Miss Umsted read a number of beautiful poems. The meeting closed by all repeating the usual benediction.

The King's Herald Band of the M. E. church and a number of guests enjoyed a delightful picnic and meeting on Wednesday afternoon at Logan Elm park. Mrs. G. L. Borders was leader and conducted the devotional service. Miss Carrie Umsted offered prayer. The roll was called and the minutes were read by the secretary, Vivian Hamilton. Stories of the Flower Friends in Faraway Korea were read by Mrs. Borders, Marjorie Carr, Vivian Hamilton, Dorothy Shewalter and Phyllis Betz. Two clarinet solos were played by Tom Ellis. Miss Carrie Umsted read the story, "Chinese Joshua's Party." Miss Mary Ford read the poem, "In Mexico." Members then answered questions asked by the leader. The meeting closed with the usual benediction. Among those enjoying this pleasant affair were, Mr. and Mrs. George L. Borders and son, Lynn, Miss Carrie Umstead, Mrs. Egbert Freshour and children, Tom, Martha and Nancy, Mrs. A. Dane Ellis and son, Tom, Mrs. Carl V. Hohenstein and son, Carl Jr., Miss Mary Ford, Marjorie, Virginia, Mary Lou and Edwin Carr, Bernice Carper, Helen Wilson, Rita Wanch, Dorothy Shewalter, Vivian Hamilton, Phyllis Betz, Bobby Shepard, Clinton Roby, Jr. All left late declaring that the time was spent most delightfully.

Mrs. Thomas Shivers and sons, Tommy and Billy, of Toledo, were the guests of her sister, Mrs. Ira Korst and family in Chillicothe from Wednesday until Sunday, when they returned to the home of Mr. and Mrs. Will Evans and family.

China's Civilization

China as a country might be referred to as a civilization rather than a national entity in the European sense. The outstanding features of the old Chinese civilization were the recognition of an aristocracy of learning, the recruitment of the civil service by competitive examination, and the absence of class distinction. To the family the Chinese owe their remarkable social stability, which enabled them to sustain many shocks to the political fabric, and to outlive more highly organized communities. But the culture of the family did not make for progress in the commonly understood sense of that word.

Atmosphere on the Moon

In the judgment of the majority of astronomers the moon is a dead world without atmosphere or life of any kind. A few believe that there may be a tiny trace of atmosphere on the moon in low places, and possibly some very low forms of vegetable life.

BREAD REMAINS SAME

Price of bread will remain unchanged in Circleville at present, it was revealed in a survey of the city's bakeries Monday.

Many Ohio cities have raised the price of bread due to the inauguration of the NRA bakers' code Monday.

THE CIRCLEVILLE HERALD

MEET GUY BUSH...star pitcher for the Chicago Cubs! Guy won 20 games last year...pitched in all 264 innings...and he's pitching at an .800 clip this year. Like many athletes, Guy has found that at the end of a gruelling match, nothing brings back his energy and vitality like a Camel.

YOU TOO can increase Vim and Energy...quickly!

When you feel "used up"—smoke a Camel! Fatigue and irritability fade away. Your flow of natural energy snaps back to a higher level in a few minutes.

This experience is well known to millions of Camel smokers. It has been confirmed by a famous New York research laboratory.

Take for example Guy Bush. There's a lesson in what Guy

has to say about the "energizing effect" in Camels:

"Bases full, one out, and a strike. I'm watching the bases and the batter, too. Now I've got to pitch. The pitch—and it's two strikes! Will he strike out? You think so...and yet you can't tell. Baseball is full of tough spots that take it out of a pitcher who works his regular turn and stands up to the grind for seven long months. Like most of the big-league pitchers,

I smoke Camels. And when I come out of a game after nine hard innings there's nothing that lifts up my energy the way a Camel does. I feel freshened up in no time at all. I smoke a lot. Camels never interfere with my nerves!"

Learn to "get a lift with a Camel" whenever your energy runs low. Smoke as constantly as you like. The finer, MORE EXPENSIVE TOBACCOS in Camels never upset the nerves.

CAMELS
Costlier Tobaccos

your Nerves

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

ASHVILLE

A series of free movie-talkie shows are to be given on the streets of Asheville this summer, the first one to be held Tuesday evening, July 10. This entertainment feature is being sponsored by the Community Club.

Rev. Paul C. Scott, pastor of the South Bloomfield M. E. church, accompanied by his family, left this week for a vacation trip to North Carolina where the wife will be guests of Mrs. Scott's relatives.

Mrs. Minnie Payne and daughter, of Columbus, who will be remembered as residents of Asheville a quarter of a century ago, were here the Fourth with relatives and friends.

Mrs. Mary Brown, wife of Wayne Brown, of Madison-twp., is recovering from a shock by lightning which struck a tree in the yard and was carried to a wire clothes line upon which she was hanging clothes, one day last week.

Mr. and Mrs. Ralph Cloud and Mr. and Mrs. George Kuhn, Asheville's quartet of newlyweds, were threatened to an old-fashioned bell Thursday night. The first-named couple was serenaded at the home of his parents, Mr. and Mrs. John Cloud on N. Powell-st., while Mr. Kuhn and his bride were visited at the home of his parents in Madison-twp., by a crowd variously estimated at 150. A jolly, good time was had by all and the merry makers were provided with treats at both places.

Justice Thomas M. Garner is recovering from a serious illness at his home on Scioto-st.

Rev. and Mrs. H. H. Glick spent Friday with relatives in Wooster.

E. L. Dailey, our former popular grocer, but who now enjoys a lucrative business in Johnstown, Licking-co., came back to help celebrate the biggest 4th of July in Asheville's history. An active member of our booster club he certainly did his share to make the day's doings a success.

NOTICE All dairymen and grocers who sell milk will please call at City Cottage, 114 W. Franklin-st., to have license renewed. There will be a check up after July 15. **WILLIAM JUSTUS,** Health Commissioner.

WHAT DO YOU THINK OF THE PRESIDENT'S JUDGMENT IN PICKING HIS ASSISTANTS AND ADVISERS?

Oil Worker: Not the right type of advisers. Too theoretical. They are not cooperating with the President, but working on theories of their own.

Oil Executive: He has done a good job with one exception; the job given Farley.

WHAT DO YOU THINK OF THE BRAIN TRUST?

Oil Worker: Not very damn much.

Oil Executive: Brain trust is all right.

DO YOU STILL HAVE CONFIDENCE IN THE PRESIDENT'S CAPACITY TO BRING THE COUNTRY OUT OF THE DEPRESSION?

Oil Worker: Yes, if he gets co-operation from all quarters.

Oil Executive: Yes (reply made with considerable hesitation).

IF ROOSEVELT WAS UP FOR RE-ELECTION THIS YEAR, WOULD YOU VOTE TO CONTINUE HIM IN OFFICE?

Oil Worker: Emphatically, yes.

Oil Executive: Yes.

WILLIAMSPORT

Early summer flowers in white and yellow decorated the home of Mrs. Thomas B. Gephart when she entertained a party of her friends Tuesday afternoon. The occasion honored her guest, Mrs. George C. Gephart of Clayton, Mo. Sewing and parlor games were the diversion. Late in the afternoon seasonable refreshments were served.

Miss Lois M. Ater is attending summer school at Wilmington college.

A large number of Williamsport folks enjoyed a picnic at the cottage of Mr. and Mrs. C. P. Hunsicker on the Lancaster camp-meeting grounds, July 4th.

Miss Waneta McNeal spent July 4th in Columbus.

The July meeting of the Sorosis club was held Monday evening with Miss Carolyn Bochar. The speaker of the evening, Miss Carolyn Scott of Columbus, entertained the group with a review of the play, "Men in White." Mrs. Geo. C. Gephart of Clayton, Mo., recited one of the poems of her own writing. Nearly forty were present, including members and several guests. At the close, delicious refreshments were served by the hostesses.

Miss Mayo Fuller, enroute from Florida to Zanesville, spent Wednesday with Mrs. Russell McMill.

The Rev. Clarence Swearingen, formerly of Williamsport, spent a part of this week with friends here.

Lem J. Hurst of Columbus was a Williamsport visitor Thursday.

Miss Evelyn Luellen of Columbus is a guest of the Lee Luellen family this week.

Mr. and Mrs. Thomas McCollister of Columbus spent part of this week with Williamsport relatives.

Days She Dreads

Always her fate—again she will have to send regrets—and for the most important parties of the whole month. Unnecessary? Yes!—but she does not realize it—she just goes on worrying and suffering "periodic pain." She thinks her friends are just "lucky," but VATONA has taught them that suffering is unnecessary, almost inexcusable. VATONA does not interfere with the natural process, but does prevent unnatural pain. Doctors prescribe it and druggists recommend it as the one-purpose corrective.

Home Helps

Some of my friends tell me it is necessary to cover all foods that are placed in an automatic refrigerator—others tell me that it is not necessary. Is it of enough advantage to me to cover them?

There are some folks who do not allow themselves to be sufficiently impressed with the value of covering all foods stored in a refrigerator for preservation. Foods that are exposed to the air are going to dry out, even though the temperature of the air is cold enough to keep the foods from becoming spoiled. Foods that are covered are going to remain much more palatable and will be more easily served if they are carefully stored. Only such foods as eggs, oranges, unpared fruits, or vegetables with their own protective covering need not be covered.

Use waxed paper whenever convenient to cover the foods, or wide-mouthed jars with screw-top lids are helpful, also.

Do you have a recipe for orange ice cream? I would like to make it, but I do not know what proportions to use for freezing it in an automatic refrigerator.

This orange ice cream comes to us highly recommended. We hope you like it.

Orange Ice Cream

- C strained orange juice
- 2 Tbsp. grated orange rind
- 2 Tbsp. lemon juice
- 1/2 C. granulated sugar
- 1 Tbsp. flour
- Pinch of salt
- 1 egg yolk, beaten
- 1 tsp. granulated gelatin
- 2 Tbsp. cold water
- 1 egg white, beaten stiff
- 1 1/2 C. heavy cream (whipped)

Heat the orange juice and rind and lemon juice in a double boiler. Add 1/4 C. sugar, the flour and salt combined. Pour over the egg yolk mixed with 1/4 C. sugar. Cook 2 minutes, or until the mixture coats the spoon. Add immediately the gelatin which has been soaked five minutes in cold water. Stir until dissolved; chill. Fold in egg white and whipped cream, and pour into the freezing trays of an automatic refrigerator, stirring every 30 minutes until the mixture holds its shape. This quantity serves 6.

How is a molded chicken salad made? I would like to serve it when I entertain with a buffet supper.

A chicken loaf is a good recipe to follow when you want a smaller amount of chicken to serve a larger number of people. One cup of chicken will serve 8 according to this recipe.

they must act — Not just make promises.

"There have been many warnings in the past against this trend towards 'smutty' films, but they have gone unheeded. But when Catholics, Protestants, and Jews brush aside religious and denominational differences and unite to demand clean films, it became apparent that this time the people of the nation mean business."

Movie producers themselves have issued statements along with their announcements of new production schedules pledging themselves to cooperate in the drive for better films.

The production lists of such studios as Metro Goldwyn-Mayer, Paramount, Warner Brothers, Fox, Columbia, Universal, R. K. O., United Artists, and Twentieth Century reveal a strong trend towards clean "action" movies, with "sexey" films relegated to the background.

Mr. and Mrs. James Gatrell, of Kingsport, Tenn., will return to their home Wednesday after a week's visit with Mr. Gatrell's parents, Mr. and Mrs. Harry Gatrell, E. Mound-st.

Molded Chicken Loaf

- 1 pkg. lemon gelatin
- 1 1/2 C. chicken stock, free from fat
- 1 C. chicken, cut in small pieces
- 1 C. pecans
- 1 C. celery
- 1 green pepper
- 1 pimiento
- 3 Tbsp. vinegar
- 1/2 tsp. salt
- 1 tsp. scraped onion
- Dash of cayenne
- Dash of Worcestershire sauce
- 1/2 C. stuffed olives, finely chopped

Dissolve gelatin in boiling stock. Chill. Combine remaining ingredients. When gelatin is slightly thickened, fold in chicken mixture. Turn into loaf pan or ring mold and chill until firm. Serve as a salad, garnished with mayonnaise.

LOOK AT BRAKES AND BODIES.

NOW THAT PRICES ARE ALL THE SAME

TODAY, MOST PEOPLE KNOW that the prices of "All Three" low-priced cars are pretty much alike.

Models may differ a few dollars... but it's safe to say that a Plymouth Special Six, delivered at your door, costs about the same as the comparable model of either of Plymouth's two competitors.

So when you look at "All Three" today... there's only one thing to think about... WHICH IS THE BEST CAR—WHICH GIVES YOU THE MOST FOR YOUR MONEY? We'll admit "All Three" are good automobiles. But before you buy any, consider these things:

When you step on the brake, will that car stop dead in its tracks? When your wife and children drive away, will you know they are safe, in a body of steel reinforced with steel?

Even if Plymouth COST MORE, which it probably doesn't, it would be worth it. The Special Six has Hydraulic Brakes, Safety-Steel Body, and the same Individual Wheel Springing that is used on the most expensive cars for a more comfortable back-seat ride. It has Floating Power to end vibration.

It has the luxuries that make you proud to own a car. Yet its price is right in line with comparable models of its two biggest competitors.

Look at the prices on the right. See the car at any Dodge, De Soto or Chrysler dealer. Then decide.

PRICES AND FEATURES OF THE NEW PLYMOUTH SPECIAL SIX

4-Door Sedan \$620 2-Door Sedan \$580
Town Sedan \$655 Business Coupe \$560
Rumble Seat Coupe \$590

HYDRAULIC BRAKES. Always equalized. Eliminate dangerous swerving. Save frequent relinings.

SAFETY-STEEL BODY. Best safety insurance you can have on today's busy highways.

FLOATING POWER Mountings. Keep vibration away from you. You ride relaxed.

INDIVIDUAL WHEEL SPRINGING. Best of so-called "knee-type" springs, as used on the most expensive cars.

Four piston rings instead of the usual three. Four-bearing Crankshaft—Valve-seat Inserts—Oil Filter—Steel Artillery Wheels—Dual Trumpet Horns.

Prices as low as \$485 for Standard Plymouth. All prices f.o.b. factory, Detroit, subject to change without notice. Time payments to fit your budget. Ask your dealer for the Official Chrysler Motors Commercial Credit Plan.

Twice the price couldn't buy more convenience in any ELECTRIC REFRIGERATOR
